

**AMENDMENTS TO THE SPECIFICATION**

Please amend the Specification filed on November 2, 2005, as follows:

Please add the following priority statement to prior applications after the title and before the first paragraph on page 1 of the Specification:

-- This is a National Phase Application filed under 35 U.S.C. 371 of International Application No. PCT/FI2004/000274, filed May 6, 2004, claiming benefit of Finnish Application No. 20030683 filed on May 7, 2003, the entire content of each of which is hereby incorporated by reference in its entirety. --

Please add the following between the second and the third paragraphs on page 6 of the Specification, i.e., after line 20 on page 6:

**-- BRIEF DESCRIPTION OF THE DRAWINGS**

Figure 1a and 1b show the effect of the amount of mechanical energy transferred to oat fibres during extrusion with respect to the disintegration of oat fibre cells.

Figure 2a and 2b show the decrease of the particle size of oat fibres as a result of homogenization. --
